

Electric Pallet Tuck-TP Series

1. Curtis electric control system from America can realize stepless speed regulation during walking
2. Imported Winner hydraulic pump station makes the lifting operation more reliable
3. Low voltage protection function can effectively prolong the life time of the battery
4. High capacity battery ensures 8 hours' workload
5. Max. carrying capacity of the electric pallet truck can achieve 5T.

Item/Type	TP20
Capacity Kg	2000 / 2500 / 3000 / 5000
Load Center mm	600
Forks Lifting H. mm	205
Forks Min. H. mm	85
Forks Size mm	1150*530 / 1150*685
Turning Radius mm	1525
Battery V/Ah	24/210
